# Fact Finding Fun

---

---

## PART A

The table of contents, glossary, and index can save you time by helping you find information in a book quickly. Match each book part with its description below.

- |                           |  |
|---------------------------|--|
| _____1. Table of contents | A. list of words and definitions; like a mini-dictionary |
| _____2. Glossary          | B. list of units, chapters, and page numbers             |
| _____3. Index             | C. list of topics and page numbers                       |

## PART B - *You will use your Science textbook to answer the questions below.*

Read each question and decide which part of the book you would use to find the answer. Circle T if the question could best be answered by using the Table of contents, circle G for Glossary, or I for Index. Then use that part of the book to answer the question.

T G I 1) Name two arachnids other than spiders. \_\_\_\_\_

\_\_\_\_\_

T G I 2) What is a balance? \_\_\_\_\_

\_\_\_\_\_

T G I 3) Which unit deals with Earth's Water? \_\_\_\_\_

T G I 4) What do centipedes eat? \_\_\_\_\_

\_\_\_\_\_

T G I 5) The esophagus is part of what system? \_\_\_\_\_

\_\_\_\_\_

T G I 6) What is mimicry? \_\_\_\_\_  
\_\_\_\_\_

T G I 7) On what page does Chapter 3 begin? \_\_\_\_\_

T G I 8) What is a tide? \_\_\_\_\_  
\_\_\_\_\_

T G I 9) What is the first Quick Lab in Unit 2? \_\_\_\_\_  
\_\_\_\_\_

T G I 10) Salt is made up of chlorine and what other element? \_\_\_\_\_  
\_\_\_\_\_

**BONUS:** Write one or more questions of your own. Write the correct answer and tell whether it should be looked up in the table of contents, glossary, or index.
