# Fact Finding Fun

---

---

## PART A

The table of contents, glossary, and index can save you time by helping you find information in a book quickly. Match each book part with its description below.

- |                           |  |
|---------------------------|--|
| _____1. Table of contents | A. list of words and definitions; like a mini-dictionary |
| _____2. Glossary          | B. list of units, chapters, and page numbers             |
| _____3. Index             | C. list of topics and page numbers                       |

## PART B - *You will use your Science textbook to answer the questions below.*

Read each question and decide which part of the book you would use to find the answer. Circle T if the question could best be answered by using the Table of contents, circle G for Glossary, or I for Index. Then use that part of the book to answer the question.

T G I 1) Name two arachnids other than spiders. \_\_\_\_\_

\_\_\_\_\_

T G I 2) The heart is part of what system? \_\_\_\_\_

\_\_\_\_\_

T G I 3) What is an organ? \_\_\_\_\_

\_\_\_\_\_

T G I 4) What is a resistor? \_\_\_\_\_

\_\_\_\_\_

T G I 5) Which chapter deals with Describing Animals? \_\_\_\_\_

\_\_\_\_\_

T G I 6) What is Topic 3 in Chapter 11? \_\_\_\_\_

\_\_\_\_\_

T G I 7) What do centipedes eat? \_\_\_\_\_

\_\_\_\_\_

T G I 8) What is volume? \_\_\_\_\_

\_\_\_\_\_

T G I 9) What does Unit 3 cover? \_\_\_\_\_

\_\_\_\_\_

T G I 10) How many volts are put out by a flashlight battery? \_\_\_\_\_

\_\_\_\_\_

**BONUS:** Write one or more questions of your own. Write the correct answer and tell whether it should be looked up in the table of contents, glossary, or index.
